Town Warrant

STATE OF NEW HAMPSHIRE.
ROCKINGHAM, SS.

To the inhabitants of the Town of Derry qualified to vote in town affairs:

[L. S.]

You are hereby notified to meet at the town house in said town on the second Tuesday of March next, at ten o'clock in the forenoon, to act on the following subjects:

1. To choose all necessary town officers for the year ensuing.

2. To vote to raise and appropriate such sums of money as may be necessary for the support of schools, for mainte-

nance of the poor, for laying out and repairing highways, building and repairing bridges, and for other necessary charges arising in said town.

3. To see what sum of money the town will vote to raise and appropriate for the use of Upton Post, No. 45, Department of New Hampshire, Grand Army of the Republic, to defray the expenses of Memorial Day.

4. To hear the reports of agents, auditors or committees heretofore chosen, and pass any vote relating thereto.

5. To see if the town will vote to raise and appropriate a sum of money for the improvement of the highways in accordance with the provision of section 4 of an article passed by the New Hampshire legislature, 1905, entitled, an act to provide for the state aid and for the expenditures of other public moneys in the permanent improvement of main highways throughout the state.

6. To see what sum of money the town will vote to raise and appropriate for the purchase of books for the Derry Public Library, for maintaining said library and pass any vote relating thereto.

7. To see if the town will vote to issue its bonds for the purpose of providing for the payment of the purchase price of the property and franchise of the Derry Water Works Co., and pass all necessary votes in relation thereto.

8. To see if the town will vote to authorize the selectmen to accept a proposition of the Parker heirs with relation to the devise or bequest to the town of Derry contained in the will of the late Edward T. Parker.

9. To see if the town will vote to locate and maintain a hydrant near the schoolhouse in District No. 2.

10. To see if the town will vote to establish and maintain an electric arc light on Mount Pleasant street, near Morse's Corner.

11. To see if the town will vote to purchase the present sewage system, construct and maintain additional sewage.

12. To see if the town will vote to light the streets all night in said Derry.

13. To see if the town will vote to hold its annual town meetings and state elections hereafter at the Adams Memorial Building in said town.

14. To see if the town will authorize the selectmen to sell and convey lots in the public cemetery at East Derry, and approve and ratify the sales and conveyances already made.

15. To raise such sums of money as may be necessary for any articles embraced in this warrant.

Given under our hands and seal this twenty-third day of February, A. D. 1907.

We have made abatement of taxes for the first time since 1902, amounting to $646.66.

The item of resources charged as "unredeemed property taxes sold to the town" amounting to $683.84, is included in the amount of uncollected taxes of J. E. Webster, and is not again added in the resources of the town, as was the case last year.

The amount of flannel distributed during the year was 1,550 yards to 155 persons.

Respectfully submitted,

E. N. WHITNEY,
H. W. BAGLEY,
F. M. McGREGOR,
Selectmen of Derry.

This is to certify that we have carefully examined the accounts of the selectmen, and find the same correctly cast, with satisfactory vouchers for the several charges.

Derry Public Library.

REPORT OF THE TRUSTEES OF THE DERRY PUBLIC LIBRARY.

The trustees of the Derry Public Library submit the annual reports of the librarian and treasurer, which give a record of the work of the library during the past year.

We trust that those reports will be carefully read, the facts contained therein duly considered, and such action taken by the town as will tend to increase the usefulness of the library, making it even a greater power for good in the community.

As will be seen, the money appropriated a year ago has been all expended, and we believe wisely. Some additions to the furnishings of the rooms were necessary, for which a small sum was used, but the most of the appropriation was devoted to the payment of the librarian's salary and the purchase of new books. We believe the first is little enough, considering the amount of time and work given in return, and for the latter a much larger sum could have been expended, and yet not have met the demands of our patrons. Please notice the large number of new cards issued during the year, and also our large circulation of books.

Our librarian of last year, Rev. W. E. Gaskin, not feeling

able to devote so much time to the work, his daughter, Miss Elsie Gaskin, was chosen as his successor, and has rendered faithful and efficient service.

Miss Florence M. Thurston has been assistant librarian, assisting Miss Gaskin on Saturday evenings and serving as her substitute during her vacation, and at other times when it was necessary.

Mr. Gaskin, whose interest in the library did not cease with the discontinuance of his official connection therewith, has also frequently spelled his daughter in her work.

The number of books in the library, besides books of reference, it will be seen, is but little larger than the number of cards issued, which is in itself sufficient proof of the need of more if the library is to make any attempt to meet the wants of those who avail themselves of its privileges.

We would call attention to that part of the librarian's report concerning the reading room. It surely partially at least meets a demand which it has been well to recognize.

The thanks of the trustees have been extended to the donors of pictures and books that have been received as gifts.

Good, readable books are always acceptable, and we trust that many more may be contributed. The contribution of even one volume by each patron of the library during the coming year would greatly increase the supply with which to meet the demands made upon it.

After carefully considering the needs of the library and reading room, we feel justified in asking of the town an appropriation not less than that of last year.

LIBRARIAN'S REPORT.

To the Trustees of Derry Public Library:

The second annual report is hereby presented:

The library was reopened February 19, 1906, after closing two weeks for an inventory and has been open Monday, Wednesday, and Saturday afternoons from three to five o'clock, and every evening from six to nine o'clock, and on Saturday to nine-thirty o'clock, with the exception of Sundays and holidays. The reading room has been open every week day from two to five o'clock in the afternoon, and in the evening from six to nine, and on Saturdays to nine-thirty, except holidays, and Sunday afternoon from three to five o'clock, except the Sundays during May to September, inclusive.

The continued liberal patronage of the library is sufficient proof of its popularity. Especially is this noticeable in the patronage of the reading room, which has grown in popularity and is being used more by adults, many coming in every day. Some evenings every chair in the rooms is occupied.

Part of the cards for a card catalogue have been ordered and work begun in this line. This will be a great convenience to the patrons as well as the librarian in finding what books are in the library and where they can be found. A case for this catalogue will be needed when the cards are complete.

If new books are to be added the coming year, additional bookcases will be needed, as nearly all the shelves are now in use, one extra case of shelves being brought into use the past year.

I am glad to report that not one book has been lost the past year, either through circulation or by being taken from the shelf. This is an unusual record, and shows that the people of Derry rightfully appreciate the library.

In addition to the number of books reported as purchased there have been about thirty new books ordered, but are not yet received.

Superintendent's Report

To the School Board Town School District:

This, my second annual report, being read by many people in the district interested in schools, necessarily contains much that you already know, but without which it would not fulfill its purpose for the general reader.

SCHOOL BUILDINGS AND GROUNDS.

In accordance with the vote taken at the last annual school meeting, three rooms have been added to the Oak-street School. These rooms have been furnished with adjustable desks and chairs and are a credit to the district. At the Oak-street School modern sanitary arrangements have been introduced for both boys and girls.

At the West Side School a stairway has been cut through into the basement so that the smaller girls would not be compelled to go outside.

Taken all in all, our West Derry schools are in very good condition, with this exception possibly, that the floors in all the rooms need oiling to save so much dust rising.

The rural schools are in very good repair, that is, the school buildings themselves. The sheds and outhouses, however, are far different. In every district there is urgent need of re-

pairs on the outhouses; in some cases present conditions are disgraceful, but beyond this they are neither conducive to good health nor to a high standard of morality. At least they should be put in a condition so that they can be used for the purpose for which they were intended. An attempt has been made this year to eliminate the marking and defacing of the walls of the school buildings. In this we have been partially successful.

In Distrct No. 9 a new shed is needed. At present the space taken from the schoolroom for shed purposes is needed to help out to a certain extent the crowded conditions inside.

EXISTING ACCOMMODATIONS.

For two or three years past the annual increase in our schools has been sufficient to fill one, if not two rooms. With the additional room, we have been nearly as crowded this year as last.

In the first grade in the West Side School we were confronted with the proposition of handling seventy-two children in one room. For one teacher this was rather impossible, so an additional teacher was secured. If this same increase continues for another year this arrangement will be impossible. At present we have only three grades in this building, and it seems to me not to be good policy to try to bring such small children to the Oak-street School, where possibly accommodations might be found.

At the opening of school in the fall it was found necessary to take some of the children who had been attending in District No. 9 up to the Oak-street School. Even now there

are as many in the small schoolroom at No. 9 as it ought to accommodate.

In the Oak-street School there are very nearly three hundred and fifty children, in fact, all the rooms excepting the ninth grade room, are so well filled that it is necessary to employ an assistant teacher.

SCHOOL ATTENDANCE.

The number of pupils who attended at least two weeks was in 1905, in the Town District, 601, and in No. 2 71. In 1906 these figures had increased to 693 and 85 respectively. Only two towns in the county show a large attendance, Portsmouth and Exeter, but if Derry makes the same increase this year that has been observed in the past year we shall lead Exeter.

In the matter of regularity of attendance, however, we make a poor showing. In the past three years our per cent of attendance has increased from 86 to 88, but it is still two per cent below the average for the county. Good attendance can only be obtained through co-operation between parent and school.

TEACHERS.

In both districts at the present time there are employed twenty-four teachers. While the salaries paid are not at all munificent, still we have been exceedingly fortunate in securing good teachers. The teachers in the town are efficient and have worked very conscientiously. Results in teaching are seen in the increase in the number of admissions to Pinkerton from three in 1904 to nine in 1905, and to seventeen in 1906. This is a good showing when compared with past

years, but if our schools are what they should be the percentage who fail to pass into the academy will be small.

To the School Board District No. 2:

At the present time our school is in better condition, taken as a whole, than at any time during the past two years. At the opening of school last September we were extremely fortunate in securing a very efficient teacher for the grammar room. Unfortunately, however, sickness compelled Miss Brown to take what we all supposed would be merely a short rest. When it became evident that Miss Brown's illness was more than temporary we were fortunate in securing our present teacher. However, I feel that very good progress was made while Miss Brown was out ill.

The necessity of employing only skilled and experienced teachers is growing greater and more apparent year by year. Our school at the present has reached a place where it is not quite large enough to warrant employing an extra teacher, yet it has reached a plane where unless the very best possible teachers are engaged and retained poor results will follow.

The attendance in the district has been rather poor, but there has been an improvement over last year. To get best results from the school the parents must co-operate and see that the children are regular.

In closing I wish to thank the members of the school boards, the parents and teachers, for their interest and support.

Respectfully submitted,
HERBERT L. GRINNELL, JR.,
Superintendent.

School Board Report

In compliance with the law we respectfully submit the following report with a financial statement for the year ending February 15, 1907.

It is necessarily brief, for our superintendent in his report fully covers the ground. Owing to the increasing population in the town, the last year has added correspondingly to increased attendance at the schools.

The building committee have furnished us with three new rooms, and they are fully occupied; that we shall have to have more accommodations in the near future is very likely.

Five hundred dollars ($500) was hired of C. W. Abbott, six hundred dollars ($600) of the Derry National Bank, and two thousand dollars ($2,000) of the McMurphys, to meet the building expense at the East Side School.

C. W. Abbott and Derry National Bank have since been paid, and two thousand dollars ($2,000) from the McMurphys is the present indebtedness of the district.

Our expenses for repairs have been unusually light, considerable having been done last year.

It is very much to be regretted that so many children desert the schools at the age of fourteen. It seems necessary in many instances we admit, but in many cases it is not necessary and the parent is not excusable for depriving the

child of the educational advantages of today.

A. B. WARK,
E. L. ABBOTT,
ANNIE B. SHEPARD,
School Board.

BUILDING COMMITTEE REPORT.

At our last district meeting we were instructed to make an addition of three (3) rooms at the East Side schoolhouse, and furnish the same at an expense carefully estimated at about four thousand dollars ($4,000). We have attended to that duty and have constructed and furnished the same at a very much less figure, and trust it will meet with your approval.
